KNIGHTS OF COLUMBUS PLAN BIG THREE-DAY FAIR.

The Knights of Columbus are now planning and making preparations for a big fair to be held in their hall on the evenings of April 24, 25 and 26. Each evening there will be dancing, the ladies will serve refreshments, and a big feature will be the auction, at which will be offered a large list of articles suitable for all classes of needs.

It is possible that a number of entertaining stunts will be put on that will please the big crowds that are expected to attend during the three evenings.

Committees are now at work arranging for the different features of the fair, and they hope to make it one of the most successful ever held in the city.

Government Makes Inquiry.

A. S. Allen, of the exemption board, received a telegram yesterday requesting him to wire to the provost marshal the number of Class One drafted men in Lincoln county and how many cases of Class One men are pending before the district board.

In his reply Mr. Allen gave the total number of Class One men as three hundred and sixty-four, and of these twenty-three are before the district board. Nearly all those of Class One who have asked for exemption are farmers who believe they can be of as much service to the government as producers as they can in the ranks as fighters.

The fact that this inquiry has been made is evidence that the government is contemplating another call for men, and that the quota of each county will be based on the number of Class One men.

Hog Case in Court.

The time of the county court was taken up Tuesday with a case from Walker precinct wherein Fred Cross sued Peterson Bros. for the value of nine hogs. Petersons bought the hogs of Cross and left a signed check with Mr. Axtell, who acted as their agent, to weigh the hogs and fill out the check to the amount of the value of the hogs. This was done, but a day or two after the hogs were delivered the buyers thought the animals not as heavy as the check represented, weighed them twice and found them 200 pounds lighter than the reported weight on the day on which they were bought, and proceeded to stop payment of the check. Judge Woodhurst decided in favor of Cross, and Peterson Bros. appealed the case to the district court.

Prohibit Sale of Book.

Pastor Russell's book, "The Finished Mystery," which was being circulated and sold in Maxwell and vicinity, will no longer be distributed or sold in that section. Acting under instructions from the federal government, Sheriff Salisbury served notice on the agent that no more books can be handled by him; that those in his possession must be "interned," and that those already sold must be gathered up and turned over to the sheriff.

The circulation of the book is denied under the sabotage act, as its contents are seditious.

NAMES COMMITTEE FOR THE LIBERTY LOAN CAMPAIGN.

J. E. Sebastian, city chairman of the Liberty Loan campaign, which opens Saturday, April 6th, has divided the city into sixteen districts and appointed solicitors for each district. In selecting these solicitors Mr. Sebastian had in view men who could "hit the line hard," and while all of them are men who are busy, yet the government demands that this work be done and all should respond cheerfully and willingly. In the residence district the greater part of the work can be done in the evening; in fact the evening hours will be the best time, for the head of the household is more likely to be at home.

In the business districts the executive committee recently appointed by County Chairman Temple will do the soliciting.

The solicitors named by City Chairman Sebastian and the respective districts in which they will work, are as follows:

All of Taylor's and Peniston's Addition — F. J. McGovern, Harry York, A. N. Durbin, S. M. Souder.
